

A Typical Day in Year 2 at Broomhill Infant School

08:40 - 09:10am	'Time to Connect'. Children come into class and have self-choice activities through play. Pre-teaching of curriculum skills will be delivered during this time to small groups.
09:10 - 09:40am	Phonics – we follow the Active Learn Bug Club phonics scheme.
09:40 - 11:30am	Teacher input in either English or Maths then children spend the morning in provision. This is a period of time where children are able to follow their own interests to take their learning forward. We have continuous provision resources which the children always have access to explore along with enhanced provision activities which are linked to the wider curriculum, maths or topic that we are currently focusing on for that week. The children also have 'Challenges' that they are encouraged to complete within the provision each week, linked to the wider curriculum or consolidating previous English or Maths learning. Snack time – The children do not stop for a timetabled break; in provision children can choose when to take a break from their learning and have a snack.
